CHAPTER 2 (Geography)
Latitudes and Longitudes

Name: _____

Date: _____

Class: VI. Sec: ____

Fill in the Blanks with appropriate words from the bracket:-

(Size, Prime Meridian, $23\frac{1}{2}^{\circ}\text{N}$, The Frigid Zones, Over 1 hour, 5 hrs 30 min, Eleven, Decreases, Longitude, Grid, Half, Greenwich, 1 a.m. on August 17, Globe, Axis, Poles, Equator, Antarctic)

- 1) The _____ circle is located in the Southern Hemisphere.
- 2) The line passing through the centre of the earth, and perpendicular to the axis is called the _____.
- 3) The globe and the earth are different in _____.
- 4) A hemisphere is one _____ of a sphere.
- 5) When it is 7.30 pm on August 16 in Greenwich it is _____ am on _____ in Chennai.
- 6) The axis is parallel to the _____.
- 7) The British Royal Observatory is located in _____ U.K
- 8) The Tropic of Cancer is located in _____.
- 9) Russia extends over _____ time zones.
- 10) All places lying on the same _____ have the same time.
- 11) The imaginary line which the earth rotates is called its _____.
- 12) As we move away from the equator, the size of the latitudes _____.
- 13) The time difference between Greenwich and India is _____.
- 14) The _____ is the model of the earth.
- 15) The heat zones with the coldest climate is the _____.
- 16) Latitudes and Longitudes form a _____.
- 17) From the Westernmost point to the Easternmost point, the local times of India extend over a time difference of _____.
- 18) The two extreme points of the axis are called the _____.

Very short answer:-

- 1) What are the advantages of the globe?

_____.

- 2) What does the time '12 noon' signify at any place?

_____.

INDIAN SCHOOL NIZWA - WORKSHEET

3) A particular city lies in the time zone 2. What does this mean?

4) Which heat zone does the equator lie in?

5) What is a globe?

6) What are the two types of lines needed to locate any point on the earth's surface?

7) Geographically, what is the time difference between Dwaraka and Dibrugarh in Assam?

8) Write a short note on heat zones
