ADJECTIVES

An **adjective** is a word that describes or modifies a noun or pronoun, providing more information about its qualities and characteristics.

Common types of adjectives are:

1.Adjective of Quality: These adjectives describe the *kind* or *quality* of a noun or pronoun. They answer the question "What kind?" or "Of what kind?"

Examples:

- A **beautiful** flower (describes the quality of the flower)
- A **tall** building (describes the quality of the building)
- An **honest** person (describes the quality of the person)
- The soup is **delicious**. (describes the quality of the soup)

2.Adjective of Quantity: These adjectives indicate *how much* of a noun is being referred to. They are typically used with uncountable nouns and do not specify an exact number, but rather an estimated amount. They answer the question "How much?"

Examples:

- I have **some** money. (indicates an unspecified amount of money)
- She showed **much** patience. (indicates a large amount of patience)
- There is **enough** food. (indicates a sufficient amount of food)
- He has **little** interest in the topic. (indicates a small amount of interest)
