Answer Key

I. Use the hints given below to write a few sentences.
Sample Answer:
One cold winter day, Bina the Ant was searching for food. She went to a bush and saw something strange wrapped in a leaf. She took pity on it because it could not move or play. A few days later, Bina came back to the same bush to find food again. This time, she found a beautiful butterfly instead. Bina thought the butterfly was very lucky to be able to fly so freely. The butterfly then explained to Bina how appearances can be deceptive, revealing that it was the same creature she had pitied before.

II. Look at this picture of a thief being chased by a dog. Read the hints given below. Then write a few sentences about the picture.
Sample Answer:
It was a late evening, and silence filled the air under an inky black sky. Suddenly, a loud shout broke the quiet: "Stop, thief!" A man wearing casual clothes was running away. He had books stuffed into his shirt. The shop owner was in hot pursuit, and a dog was chasing the thief closely. The thief was short of breath. As he turned a corner, he suddenly disappeared.
